Sports Club Management System

Author (s): <u>Nour Abdelmoneim</u> **Date:** <u>4/21/2020</u>

Version: _____

USE CASE NAME:	Login	USE CASE TYPE	
USE CASE ID:		**Business Requirements:**	☑
PRIORITY:	High		
PRIMARY BUSINESS ACTOR:	• Player/athlete • Coach • Administrator		
OTHER PARTICIPATING ACTORS:			
OTHER INTERESTED STAKEHOLDERS:			
SHORT DESCRIPTION:	This use case allows a club member to access his/her personal account by providing a valid username and password. The system validates the login credentials and blocks the user from attempting to login again for a period of time after 5 consecutive login attempts		
PRE-CONDITION:	User is on the club website		
TRIGGER:	This use case is initiated when a club member clicks on the login button and attempts to access his/her account		

TYPICAL COURSE OF EVENTS:	Actor Action	System Response	
	Step 1: Clicks on the login button	**Step 2**: Allows the user to enter his/her username and password	
	Step 3: Enters his/her username and password	**Step 5:** Validates the username and password	
		Step 6: Allows the user to access his/her account	

ALTERNATE COURSES:	**Alt-Step 5:** If the username or password is incorrect, the system does not proceed with the login, displays an error message, and allows the user to attempt another login		
	Alt-Step 5: If the username or password is incorrect and this is the user's fifth attempt at logging in, the system should block the user from attempting another login for a period of time		
CONCLUSION:	This use case concludes when the user accesses his/her account using the correct username and password or an error message is displayed		
POST-CONDITION:	The user is logged into his/her account		
BUSINESS RULES:			
IMPLEMENTATION CONSTRAINTS AND SPECIFICATIONS:	• The system should keep track of the number of consecutive incorrect login attempts the user made. • The system needs to have access of all the usernames and passwords in order to validate the login credentials
